

Welcome to the Utah WIC Program's Vendor Price Survey System. This web-based program is intended to make the collection of WIC food prices easier through direct data entry into web-based platform and directly sending the information to the WIC State Agency instead of a hand written hard copy pricing.

The State WIC office greatly appreciates your participation in using the VPMS system and requests your feedback regarding the use and navigation of the screens. If assistance is required please call the WIC program with questions, by dialing 1-877-942-5437 or Grace Serna 801-657-7839.
