(2 oz left that you can't use)

44 oz pack + 48 oz pack = 92 oz  
(4 oz left that you can't use)

36 oz pack + 48 oz pack = 84 oz

**Caution:** Plan the amount of juice you purchase. You may have ounces of juice left on your WIC card that you can't use if you buy a combination that doesn't add up to the exact amount you started with or the amount left over is less than 33 oz. The smallest WIC-allowed convenience pack size is 33 oz.
