## **Food Inventory Requirements**

- I. Requirements for All Vendors
  - a. The vendor shall have a reasonable variety of the authorized WIC foods for the vendor's peer group, as listed in Section II, on the vendor's shelves for purchase.
  - b. The vendor is required to carry store brands/private label products for the following food items: \*milk, cheese, eggs, beans, brown rice. (\*Because store brand milk is not always available in quart size, specific authorized brands of quart size milk will be specified).
  - c. During monitoring of the vendor, an inventory count of required authorized WIC food items will be conducted. The State Agency will take corrective action for any food items lacking sufficient stock or variety, or found to be out of date. This may result in non-authorization, violation points, or disqualification of the vendor as appropriate.
- II. Requirements by Peer Group
  - a. Vendors agree to stock and have on the shelf the following minimum varieties and quantities of WIC food items:

Minimum Food Inventory Requirements by Peer Group					
Requirements	Peer 1 & 2	Peer 3 & 4	Peer 5		
Infant Formula					
Similac Advance	12 cans on shelf	12 cans on shelf	9 cans on shelf		
Powder 12.4 oz	2 additional cases in	1 additional case in			
	store	store			
Similac Soy Isomil	12 cans on shelf	9 cans on shelf	Required upon		
Powder 12.4 oz			request		
The vendor must acquire additional quantities of WIC contract infant formulas and other infant formulas available through grocery wholesalers, above the minimum inventory requirements, in order to redeem WIC benefits within 72 hours of request, and without causing participant hardship or inconvenience.					
Infant Cereal					
1 variety	8 – 8oz Containers	6 – 8oz Containers	4 – 8 oz.
