

Funding Committee

- I. The WIC Funding Committee is made up of the State WIC Director, the State Budget Coordinator, and members of the Utah Association of Local Health Officers as directed by the Utah Individual Public Health Services (IPHS) Executive Committee.
- II. The funding committee meets annually to discuss the estimated funding available for the upcoming federal fiscal year. A funding formula is agreed upon and used for the entire year.
- III. Once the approved amounts pass the IPHS Executive Committee, it is discussed with the Utah Association of Local Health Officers. Once approved by the health officers, the state WIC director and budget coordinator meet with the Governance Committee for final approval.
- IV. Identifying a WIC Funding Formula that is fair and equitable to all parties is the primary purpose of the WIC Funding Committee.
- V. The committee may meet again throughout the year when/if more funding becomes available for distribution.
