**RE:** Potential Government Shutdown – Memo 2025-03

---

Dear Utah WIC Vendor,

In the event of a government shutdown on Wednesday, October 1, 2025, Utah WIC will **continue to operate without interruption**. If a shutdown lingers, we will re-evaluate program options.

Should we need to shut off WIC services at some point, the state office will work directly with our EBT host processor to disable functionality at your point of sale systems. Notice will be sent directly to corporate officers and/or store owners and managers to communicate any steps that will be required of stores. In the meantime, please continue to provide the great customer service to WIC families that you always provide.

I know this is an uneasy time. Please don't hesitate to reach out to me if you have questions or concerns you would like to address.

Thank you for your cooperation!
