

MEMORANDUM

MEMO TO: All Authorized Utah WIC Vendors

FROM: JoDell Geilmann-Parke
Vendor Coordinator
Utah WIC Program

DATE: February 24, 2022

MEMO #: FY 2022-05

SUBJECT: **Temporary Infant Formula Substitutions**

Dear Utah WIC Vendor,

Beginning March 1, 2022, we will substitute a variety of formulas for the Utah WIC standard issue Similac formulas affected by the widespread ABBOTT infant formula recall. We ask that you begin working with your distributors immediately so that product can be on shelves and available for purchase as soon as possible. Similac products NOT included in the recall, or new shipments of Similac products, may still be stocked and sold at your stores. Substitutions will remain in place until March 31, 2022 or until production and distribution of recalled Similac formulas reaches a sustainable level. Refer to the Utah WIC website for updates. wic.utah.gov

Recalled Formulas	Substitution Formulas/UPC
Similac Advance 12.4 oz can	Enfamil Infant 12.5 oz can / 300871365421 Gerber Good Start Gentle 12.7 oz can / 050000216673
Similac Sensitive 12.5 oz can	Enfamil Gentlease 12.4 oz can / 300875100691 Gerber Good Start SoothePro 12.4 oz can / 050000624003
Similac Total Comfort 12.5 oz can	Enfamil Reguline 12.9 oz can / 300875111321
