

FY 2023 Self Evaluation Tool – Local Agency Self Auditing

To complete the Self Evaluation Tool, please download and save a copy of this document to your computer in Microsoft Word format (available on SharePoint in the Forms tab). Do not directly edit the document posted on SharePoint. Complete this tool electronically by typing your answers into the document. E-mail the completed Word document to the State WIC Operations Manager, rwardle@utah.gov 30 days prior to the scheduled on-site visit. Please note that certain logs and files need to be sent via email to the State Nutrition Coordinator at rhbowman@utah.gov (module completion, in service, evaluation of new classes) or post in SharePoint 30 days prior to any scheduled management evaluation site visit.

PLEASE COMPLETE THE FOLLOWING:

Local Agency:	
Clinic:	
Date due (30 days before site visit):	
Date self evaluation was completed:	
Completed by:	
Scheduled on-site visit date(s) for this clinic:	
Clinic operating hours on the scheduled date(s):	
Anticipated number of certification appointments to be scheduled during the on-site visit:	
Clinic staff that will not be present at the clinic during the visit:	
Is the WIC Director planning to be present?	
List any files or other items to be reviewed that will not be available on site and list their location.	
Present Caseload:	
Total # FTE hours (enter 1 for each 40 hours worked by staff in WIC, i.e. if there are three full time and one part time staff in the clinic enter 3.5):	
Do you feel your staff/participant ratio is adequate, manageable, or inadequate? Explain why.	

Clinic Staff

Please list all staff members currently working for the WIC program in this clinic:

Name	WIC Title (CPA, CA, Clerk, etc.)	Credentials	Date Hired Month/Year	Number of hours per week worked in WIC

Local Agency/Clinic Management

Please list the staff persons working in the following roles or with the listed credential:

Position	Staff Member
WIC Director	
Clinic Supervisor/Team Lead	
Breastfeeding Coordinator	
Office Supervisor/Lead Clerk	
Vendor Coordinator	
Peer Counselor Supervisor	
Module Preceptor	
Nutrition Class Preceptor	
Outreach Coordinator	
Registered Dietician(s)	
IBCLC(s)	
Peer Counselor(s)	

Please answer the questions for each functional area:

I. Vendor Management

Has state vendor management staff visited the current local vendor coordinator to go together to provide training and/or monitoring at a local store? When did this last occur?	
Does the local vendor coordinator attend each meeting and training held by the state vendor manager?	
Where is the current authorized vendor list posted?	
Does the vendor coordinator upload documentation for vendor training and monitoring to the appropriate location?	
Does the vendor coordinator document vendor training in VISION?	
Is the vendor coordinator documenting communication with the vendor in the Vendor Log in VISION?	
How are complaints about vendors and complaints from vendors about clients documented and resolved?	
Which vendors have been monitored during the current and previous fiscal year? Were they monitored before the deadline set by the state?	
Which vendors still need to be monitored this fiscal year?	
Which vendors received 3 year training from local staff during the current and previous fiscal year? Were they trained within the deadline set by the state?	
Which vendors still need 3 year training before the end of the current fiscal year?	
Are current vendor training materials and forms used to provide vendor training and monitoring? Is the 3 Year Interactive Training Presentation always used for training?	
What are some of the continuing problems the clinic is having with vendors? How does your vendor management staff attempt to correct these problems?	

II. Nutrition Services - Breastfeeding

Breastfeeding Promotion and Support	
How does the clinic let the public know WIC supports breastfeeding? (i.e., posters, health fairs, etc.) Does the clinic have a comfortable private room with a door that can be locked if mothers ask for a private space to breastfeed?	
What is used to make the WIC clinic environment breastfeeding friendly?	
When new staff is hired, what breastfeeding training is included?	
How are referrals made to Lactation Educators? In what circumstances?	
What breastfeeding resources are on your referral list?	
How do you ensure all prenatal and postpartum participants receive breastfeeding information at all visits, when applicable? How do you include friends and family members in this education?	
How and when are participants assigned/referred to a Peer Counselor? Where is this documented in VISION?	
How early are you providing breastfeeding support postpartum for a recertification appointment? (Approximately how many days after delivery are postpartum women being seen?)	
Who issues breast pumps and supplies in this clinic?	
Where are breastfeeding aids stored?	
When issuing electric breast pumps & aids: <ul style="list-style-type: none"> • Is the issuance documented in the computer? If not, why not? • Are the follow up calls being made according to policy? If not, how will this be corrected? • Who cleans the pump when it is returned? Where is the cleaning documented? 	
Who issues the Single User Pumps and are the release forms signed?	
Where is the reason for issuance of all breastfeeding aids documented?	
What did you do during World Breastfeeding Week or Month?	

Food Package Prescriptions	
Who is responsible for tracking and following medical formulas ordered through the state office?	
How are medical formulas ordered through the state office being tracked? How often?	
Explain your procedure when participants do not have a valid FAFAF.	
When a 6 – 11 month old participant is medically unable to consume solid foods and the physician has ordered a higher amount of formula (4 – 5 month amount) it is important to document this in the Comments area of the SharePoint medical formula order form. Is this being done?	
Health Care Referrals	
Is your staff printing out the Smoking Cessation referral form when it is applicable? If not, why not?	
Are smoking cessation informational updates being provided annually? How are these provided?	
Are staff referring to Medicaid and providing participants with Medicaid's current income guidelines when applicable at each certification (New USDA requirement)?	
How does the agency provide drug and other harmful substance abuse information to all pregnant, postpartum and breastfeeding women and to the parents and caretakers of WIC infants and children?	
Nutrition Education and Counseling	
Have training modules been completed by all staff members? If no, why not? Send via email a copy of the Module Completion logs for the previous year and current year for all staff members to the State Nutrition Coordinator. Or, post these in the local agency folders in SharePoint 30 days prior to the scheduled ME visit.	
Who is responsible for the area of inservices and CEU completion?	

<p>How many hours of nutrition inservices were provided to the staff during the last year? List the topic and date of the inservice. (Send via email a copy of the Nutrition Inservice logs with signatures for all staff who attended for the previous year and current year to the State Nutrition Coordinator. Or, post these in the local agency folders in SharePoint 30 days prior to the scheduled ME visit.). Also, please post the required staff evaluations of each inservice training in your local agency folder in SharePoint.</p>	
<p>How do you determine your staffs' nutrition inservice and training needs?</p>	
<p>Were all inservices evaluated? If not, why not and how will this be corrected?</p>	
<p>Date of breastfeeding inservice(s). Did ALL staff members attend? If not, why not and who did not attend (please list)</p>	
<p>Date staff was inserviced on the Nutrition Education and Evaluation Plan. Did all staff members attend?</p>	
<p>List all full time CPAs/CAs who did not receive 12 hours of inservices/CEUs in the last year. Why not and how will this be corrected?</p>	
<p>Who is responsible for coordinating nutrition education classes?</p>	
<p>How are nutrition education classes assigned for participants?</p>	
<p>How does the agency ensure that nutrition education provided to each participant will be personalized based on needs and interest identified in the nutrition assessment?</p>	
<p>What are the categories of classes that are routinely provided?</p>	
<p>Is nutrition education given at each clinic visit? If not, why not? Add regulation requirement.</p>	
<p>Besides traditional classes, what other education approaches are you using? Please post in your local agency folder in SharePoint, all non-state approved lesson plans being used, including interactive bulletin boards, self-paced modules, and web based education.</p>	

How frequently are classes evaluated? By whom? Please post evaluations in your local agency folder in SharePoint 30 days prior to ME visit.	
Who teaches classes?	
If you use videos, how are you using them?	
What do you do for participants who refuse nutrition education?	
Where are nutrition education contacts being routinely documented including documentation of providing pamphlets?	
How are health outcomes being assessed?	
What data reports are used?	
Participant Screening and Assessment	
Who is responsible for lab procedures?	
Does the staff follow Utah WIC Program Laboratory Procedures Module or local health department procedures?	
Why and when is referral information used? Where is the source of medical data documented?	
How do you verify that all anthropometric data are collected according to the recommended and preferred methods?	
How do you verify that all blood tests are performed according to the recommended and preferred methods?	
How do you ensure that blood work used at certification has been taken within 90 days?	
Are you using a hemoglobin/hematocrit instrument that requires calibration? If so, where is this calibration documented?	
What procedures are used to ensure all pregnant women are weighed at each visit?	
When did the Utah Dept. of Agriculture and Food, Bureau of Weights and Measures last check the scales?	
When was the last time measuring boards were checked for accuracy?	
How often are the scales, centrifuges, HemoCues and measuring boards cleaned? Where is this documented?	
Are mid-certification health assessments being conducted for infants?	

Mid-certification health assessments for children must be done; these cannot be waived.–Are the required mid-certification health assessments being conducted for children (VOC and Regular Certifications)? What type of appointment is being used to schedule these (Mid-cert, Follow Up, Nutrition Education)? How do you ensure that these are always completed	
How is it determined that all CPAs use the VENA approach to conduct a complete nutrition assessment at each certification? Do you or your staff need training on VENA?	
How is a dietary assessment conducted?	
How are high risk participants scheduled?	
Who writes the initial care plan? The follow-up care plan? How is the overall care and follow up for high risk participants managed by the Registered Dietitian?	
Are there any risk factors you need clarification on during the ME visit?	
Are nutrition interviews completed on all participants and routinely done for all certs, especially for pregnant, breastfeeding postpartum women and VOC participants?	
Do pregnant women only have one pregnancy record for each pregnancy and postpartum information is added by editing the applicable pregnancy record?	
In any visit after the initial certification, if new risks are identified, were these addressed with education and/or follow up and documented in VISION?	
If a child participant is due or late for vaccinations, what is the clinic protocol?	
How is immunization screening and referral documented?	
Are participants asked to sign separate consent forms to release immunization information to the immunization registry?	

III. Information System

Documentation

Are comments and alerts used appropriately and comments entered whenever required?	
Are documents scanned and saved appropriately under the family's record in VISION? This includes scanning all required documents, appropriate naming of docs, not scanning docs that contain Social Security numbers or Driver License numbers.	
Are you allowing online submissions of proof documents? Please explain your process.	
Are you using any telehealth or video conferencing with your clients when physical presence is not required? What systems are you using and how is this working?	
Planning	
<i>No questions</i>	
Reports	
What VISION reports do you use? What frequency are they reviewed?	
What ad hoc (SharePoint) reports do you use? What frequency are they reviewed?	
Is the Active WIC Staff ad hoc report being reviewed monthly at an agency level?	
System Security & Training	
Has clinic staff completed required information security/privacy training?	
What training program is used?	
Has a Security Access Request been submitted for all employees who have terminated from WIC or for employees who should have their security permissions changed?	
How are you training new staff on the VISION system?	

IV. Organization and Management

Confidentiality	
Is the clinic environment protective of confidential information shared verbally by applicants and participants?	

When, if ever, is confidential WIC information shared with persons outside of the WIC program?	
How do you make the list of programs with which WIC shares information available to participants?	
Where is the USDA Study Notice Flyer posted?	
Is DCFS being contacted when child abuse or neglect is suspected?	
Emergency Planning	
What basic steps has your agency taken to prepare for emergencies and disruption to WIC services? Do you have written plans that include evacuation plans, clinic operations during a pandemic, and contingency plans during a building closure?	
Equipment	
Is furniture and equipment tagged with a permanent ID number or serial number?	
Is all furniture and equipment purchased with WIC funds listed in the inventory file?	
Is the inventory file of WIC furniture and equipment managed by WIC staff or part of the local health department's inventory system?	
Does the inventory file contain all required fields?	
Is the inventory list being checked for accuracy and reconciled at least once every two years?	
Are purchases with an individual purchase price over \$5,000 or a grouping of purchases totaling over \$5,000 being approved by the State WIC office?	
Homeless and Domestic Violence Shelters	
What homeless and domestic violence shelters serve your area? If no shelters, what agencies serve these individuals?	
Has an MOU been set up with all domestic violence and homeless shelters that serve your WIC participants?	

Have all shelters been monitored for compliance within the last three years? Please provide the date(s) of monitoring.	
Policy and Information Sharing	
Are the P&P changes reviewed annually by all staff?	
What is your procedure in disseminating policy and informational memos to staff? What documentation do you have that staff has reviewed each memo?	
Is clinic staff using SharePoint on a regular basis on WIC clinic days? This includes checking for announcements daily.	
Are all WIC staff in your agency asked to read the <i>WIC Wire</i> newsletter monthly?	
Do you have any suggestions to improve what is available on SharePoint?	
Record Retention	
Are all clinic records being retained for at least four years? (electronic or paper records)	
Supplies and Materials	
How do you verify that you are using current clinic forms and staff training modules?	
Have obsolete forms and materials been discarded?	
Who tracks your inventory of forms, nutrition education pamphlets and miscellaneous materials?	
Who completes the UCI order form?	

V. Nutrition Services and Administration Expenditures

VII. Caseload Management

Outreach	
How much has your caseload increased or decreased in the past 12 months? (number and percentage)	
How much has your caseload increased or decreased in the past 5 years? (number and percentage)	
What specific activities do you do in order to try to retain your participants until they are no longer eligible?	
Where do you document your annual outreach activities?	
Does your outreach target health care providers, schools, agencies and other programs that likely serve potentially eligible women, infants and children?	
Does your outreach include agencies and programs that serve homeless, migrant, refugee and other low income individuals?	
How do you conduct outreach directly to the public? (i.e. health fairs, public events, posting of fliers, advertising, etc.)	
List the outreach materials used by the clinic.	
Has your agency issued any WIC related public service announcements or press releases in the past year?	
Have all locally created WIC outreach materials, PSAs and press releases been approved by the state?	
Does all outreach materials and your website contain the clinic's address, phone number, clinic hours and the USDA nondiscrimination statement? If not, why not?	
Is your outreach plan appropriate based on the racial and ethnic make-up of your clinic area? Run the ad hoc report: <i>Race and</i>	

<i>Ethnicity</i> to determine the racial and ethnic percentages of those now participating in your clinic.	
Do you have any suggestions for new or improved state-wide outreach?	
Does your local agency WIC website link to the state's online appointment request system (participant portal)?	
Approximately how many requests do you receive through the portal monthly?	
Is the participant portal a useful tool for your agency? Any comments or suggestions?	
Are you using two-way texting to communicate with clients? Has this been helpful?	
Does your agency operate any mobile WIC clinics or provide WIC services away from the health department building?	
Do you believe there are towns within your service area that are too far from the clinic and that potentially eligible persons may not be seeking services? If so, where, and what ideas might you have to reach them?	
Waiting Lists	
<i>No questions</i>	

VIII. Certification, Eligibility and Coordination of Services

Appeals	
How do you handle clients who disagree with eligibility determinations?	
Have any applicants/participants asked to appeal a decision in the past year?	
Certification Procedures	
What procedure is in place to ensure that your clients have time to read the Rights & Responsibilities at each certification appointment, including recerts?	
Is the R&R, including points of emphasis, discussed with the client before asking them to sign the signature pad?	

How are appointments offered outside normal business hours of 8am-5pm?	
Where are the clinic hours and/or the availability of afterhours appointments posted?	
Are all applicants served within processing standard timeframes unless they choose a later appointment? Run the VISION report: Processing Standards Non-Compliance Report.	
How often is the Processing Standards Non-Compliance report reviewed?	
What is the average wait time in the clinic that participants and applicants spend waiting for their appointment to begin or in between the different stages of their appointments? How long have the maximum wait times been recently?	
How long do the average first time certification appointments take? Recertification?	
What special efforts, if any, has the clinic made to improve customer service?	
Are the physical address, phone number and other required data entered for each applicant prior to scheduling the certification appointment?	
Are the phone contact preferences marked for all phone numbers to allow calls and texts unless requested otherwise? (Verify using the Phone-Mail Preferences ad hoc report on SharePoint).	
Are you verifying the phone number at each appointment to ensure appointment reminder messages can be received?	
Are there enough appointments to serve all applicants and participants in a timely manner? If no, why not and what steps will be taken to correct this?	
Are certification periods shortened or extended by a month when needed for approved reasons?	
What is your process/requirements for adding proxies or additional parent/guardians to VISION?	

Are proxies being allowed to certify children in place of a parent or guardian?	
When is proof of guardianship/caretaker required?	
How is this proof documented?	
What is done when this proof cannot be provided?	
Are missed appointments marked in the VISION system on the same day so that an automatic text can be sent?	
What percentage of your enrolled clients have current benefits? (See Participation with Benefits Report in VISION). What efforts are you making to increase this percentage?	
How do you handle participants who are late for class or certs? Is this a formal policy?	
Is the clinic allowing provisional certifications when it would be a benefit to WIC applicants?	
Are provisional certifications completed according to policy? Review the VISION report: <i>Termination by System Pending</i> to find families with provisional certifications to review. Ensure a <i>Signed Statement</i> form is found in the scanned documents for these families.	
Is an "Affidavit" allowed in place of required proofs when providing proof would be an unreasonable barrier?	
Are affidavit records completed appropriately? Run the Ad hoc report: <i>Affidavit by Proof Type</i> to find families where an affidavit has been used in place of a proof. Ensure a <i>Signed Statement</i> form is found in the scanned documents for these families. Ensure that state approval is documented when affidavits are used for non-standard reasons.	
Are VOC's received from out of state transfers scanned?	
What are you doing to advertise the availability of VOCs to those who may move out of state?	
Homeless & Migrant Applicants	

Are Homeless, Migrant and Refugee applicants recorded on the address screen? Run the ad hoc report: <i>Migrant Homeless Refugee</i> to find families where these boxes have been marked in the Physical Address screen. Verify that staff are entering a new address record when participants are no longer homeless.	
Identity and Residency	
How are applicants told they need to provide proof of identity, residency and income when they call for an appointment, walk in for an appointment, or schedule a recertification appointment?	
What staff completes this screening of these proofs?	
Do any of your participants reside outside the jurisdiction of your health department? If yes, did you obtain permission from the state to serve them through the SharePoint Residency Exception Request Form?	
Do you allow preferred names to be entered in VISION and enter legal names from the form of ID in the alias field?	
Is ID being required when issuing or replacing eWIC cards or resetting the PIN?	
Income Eligibility	
How are you explaining the definition of “Household Size” to applicants to ensure that income is determined according to policy?	
Has staff been trained on what is included as income and what is excluded?	
When proof of income is required, is the applicant expected to bring proof of the last 30 days income? (4 pay statements for weekly pay, 2 statements for bi-weekly or semi-monthly).	
If income fluctuates significantly, is proof of annual income required?	
Is staff asking about additional sources of income in the family?	
Is adjunct eligibility verified according to policy?	

Are all adjunct eligible individuals and families asked to self-declare income? Run the ad hoc report: <i>Adjunct Eligibility</i> to review various records to ensure a self-declared income row is added for each certification (proof field left blank).	
When an applicant reports that no income is earned what steps are followed? Run the ad hoc report: <i>Proof of Income</i> for proof type “0 Income Signed Statement” to ensure that a <i>Signed Statement</i> form is found in the scanned documents for these families.	
Is the clinic reassessing income during the certification period when information is received that the participant may no longer be income eligible or adjunctively eligible? (Not required in the last 90 days of a cert period if checks have already been issued)	
Ineligibility and Termination	
Is the Notice of Ineligibility printed and given to applicants found to be ineligible at the certification appointment? Is this documented? Run the VISION report: <i>Ineligible</i> to find applicants who have been determined to be ineligible.	
Is the Notice of Termination printed and given to those who are terminated during a certification period? Is this documented? Run the ad hoc report: <i>Terminated by Reason</i> for the reasons of Over Income, Stopped BF, Part BF out of range, and Participant Violation.	
Is the termination effective date manually changed to today’s date when participants are terminated during a certification period because they are no longer categorically eligible? (Reasons such as Stopped BF, Part BF out of range.)	
When are participants given at least 15 days benefits prior to being terminated?	
Participant Violations	
Who handles participant violations in this clinic?	

Are participants with alleged violations contacted within 10 days?	
Is the participant violation screen completed appropriately and participants given appropriate sanctions? Run the ad hoc report: <i>Participant Violations</i> .	
Are participants given a printed Notice of Program Violation and a signature collected?	
Are complaints from or about participants logged in the Customer Service Log and then resolved? Run the VISION report: <i>Family Customer Service Log</i> .	
Are there any unresolved complaints?	
Who is responsible to resolve possible duals?	
Is the Intrastate Dual Participation Screen being checked and resolved each clinic day? Review the <i>Intrastate Dual Participation</i> screen within the Operations section of VISION to see if any “unresolved” potential duals are listed. Review “resolved” duals to see that they are being resolved properly.	
Are all duals reported to the WIC Help Desk?	

IX. Food Delivery – Food Benefit Accountability and Control

Benefit Issuance	
Are eWIC cards, ordered, received, and verified appropriately and promptly in VISION?	
How are cards in inventory stored and secured under a double locking system?	
Are cards in the vault physically counted monthly to make sure the vault count matches the count in VISION?	
Are returned cards handled appropriately? This includes hot carding, logging in the Vault Outside Cards screen, completing the eWIC Card Issues Google Form for problem cards and properly destroying cards in the clinic that are not needed for troubleshooting.	
Are cards checked out and checked in by staff according to policy?	
Are Tyvek sleeves offered with all new cards?	

Are participants selecting their own PIN number?	
Are participants encouraged to download the WIC Shopper app?	
Is staff offering assistance to register the PAN number with the app?	
Are eWIC Cards ever mailed? Please explain when and how:	
Is the clinic capturing a signature each time benefits are issued? Run the ad hoc report <i>No Signature by Reason</i> report.	
Are missed signatures documented correctly, i.e. a print screen signed and scanned or a comment entered when required?	
Instructions to Participants	
Who is responsible for providing education to each applicant at every certification on card care, benefit issuance and redemption procedures?	
Who hands out and explains the Authorized WIC Foods booklet?	
Is issuance and explanation of the food booklet documented in VISION for all initial certifications and each time a newly revised booklet is issued to families?	
Reconciling Benefits	
Is the clinic documenting all formula returned in VISION and on the Returned Formula and Foods Tracking Sheet? Run the ad hoc report: <i>Returned Formula</i> .	
What is done with returned formula or other foods?	
Are all cards reported as missing, stolen or damaged hot carded the first business day they are reported?	
Are cards replaced according to policy?	
When parents lose custody of a child, is the family's card hot carded until the card can be brought in so benefits for the child can be removed?	

X. Monitoring and Audits

Fiscal Audits	
When was your last financial audit for WIC and who was it completed by?	
Local Agency Self Evaluation and Monitoring	
Is there any conflict of interest between the WIC program and clinic staff? (i.e., department employees or their families own or manage WIC authorized stores; or otherwise contract with the agency to provide any other goods or services; or cause any harm to the WIC program or its participants).	
Do any WIC staff participate in the program or act as parent/guardians or proxies in the same clinic where they work?	
Does any WIC staff complete records for their immediate family, close relatives or friends?	
How is the separation of duties handled in this clinic to determine income eligibility and nutrition risk?	
Are there any employees within the local agency that have State WIC Director approved security access in VISION to complete all eligibility criteria and assessments?	
Is the Separation of Duties report being researched each time it is received from the state?	
If the agency has more than one clinic, has the local WIC director visited each clinic site at least once during the past year to monitor operations and ensure that no clinic fraud or abuse of the program is occurring?	
Management Evaluations	
Have all findings from your previous management evaluation been closed with the state?	
Based on comments or observations from your previous management evaluation report, what changes or improvements have you made?	

Are there any particular best practices you do that you would like to make the state aware of?	
Has your clinic or staff received any special recognition or awards within the past two years? If so, please explain.	
Technical Assistance	
Does your clinic need a visit from state staff to provide technical assistance or training? If so, what type of training is desired?	

XI. Civil Rights

When was the Civil Rights module last completed? Did all staff members complete the training?	
Was it completed as a group or individually?	
Is the clinic accessible to the disabled?	
What accommodations are made for participants with disabilities?	
Are parking spaces for disabled persons provided?	
Are you able to provide a sign language interpreter upon request? If not, how will you respond to such a request?	
What percentage of your current caseload does not speak English? What languages do they speak? Run the ad hoc report: <i>Language Totals</i> .	
How does the clinic communicate with non-English speaking participants when they call the clinic? At appointments?	
Which staff members are proficient at speaking Spanish?	
Are the "Preferred Spoken Language" and "Printouts Language" being properly input into the system for each family? Run the ad hoc report: <i>Language Spoken Report</i> to see how many families do not have the preferred language marked.	
What contracts or other plans are in place to communicate with participants who do not speak English? Are staff trained to use these resources?	

Does the clinic use any forms or informational materials not provided by the State? Do they contain the current non-discrimination statement?	
Is the local agency's WIC website or webpage maintained with current information? (Current clinic addresses, phone #'s, income guidelines, link to the online application/participant portal.)	
Does the website contain the current non-discrimination statement or a link to the state's nondiscrimination page?	
Is the WIC clinic building marked with a "WIC" sign and hours of operation?	
Where is the current "And Justice for All" poster located?	
Are all applicants asked to self-identify their ethnicity and race(s) according to policy?	
Have there been any complaints of discrimination made at the clinic in the past two years? How were they handled?	
Is the federally required civil rights assurance language included in all subcontracts of the local WIC agency when WIC funds are used to pay contractors for services? Where can these contracts be reviewed?

Random Chart Review – Certification (Operations)

Please select random active families and review records from the past 12 months. In a small clinic (less than 500 participants) review records from 10 families, in a medium size clinic (500 to 1,999 participants) review 15 family records, in a large clinic (2000 or more participants) review 20 records. Ensure all categories of participants are reviewed (P, B, N, I, C). Below is space for 5 records. Please make copies for additional chart review. Fill in **actual data** unless a Yes or No is applicable. **Use red font for all deficiencies.**
